

HANDS-FREE OPERATION • INDUSTRIAL STRENGTH

# HYDRAULIC BENCH VISE

Posi Lock's revolutionary bench vise provides 5 tons of clamping force, plus an air control valve for variable speed and safety.

Operated by a 10,000 PSI foot pump, in either horizontal or vertical positions, this vise allows you to have two free hands for your project. You can easily work on any repetitive, heavy, oversized, awkward, or multi-piece projects.

**Features 5 tons of clamping force:**  
Enough power to crush a half-inch nut,  
yet precisely clamp an egg.

THE CAGE® IS THE KEY
