

# APPLICATIONS FOR PULLERS

## MODEL 102

Boat Motors  
Motorcycles  
Small Engines  
Starters  
Hydraulic Pumps  
Conveyor Belts for Chicken Plants

Camber Adjusters  
Battery Terminal Removal  
Golf Carts  
Helicopters  
Airport Mechanics

Alternators  
Lawn Mowers  
Large Grooming Clippers  
Timing Gears  
Snowmobiles

## MODEL 202

Sewing Machines  
Alternators  
Small Engines

Hydraulic Pumps  
Starters  
Helicopters

Airport Mechanics  
Battery Terminal Removal

## MODEL 103

Air Compressor in Dentist Office  
Timing Gears  
Floor Care Equipment

Washing Machines  
Windshield Wipers  
Power Steering Pump Pulley Removal

Battery Terminal Removal  
Printing Press  
Snowmobiles

## MODEL 203

Alternators  
Hydraulic Pumps  
Battery Terminal Removal

Airports (helicopters-small motors, drive end off governor)  
Ford Distributors (bearing on bottom)

Power Tools  
Conveyor Belts (poultry farms)

## MODEL 104

Hydraulic Pump Pulley Removal  
Pull Housings Off Alternator Shafts  
Inner Cone Bearing Race Removal  
Timing Sprockets  
Bearings Off Cylinder Shaft on Combines  
Steering Wheel Application with Tip Extender

Wheel/Hub Flange Puller (with 5 lb. hammer & slide rod)  
Smaller Motors Armature Bearings, Pulleys & Couplings in Electric Motor Repair  
Timing Gears

Inner Ball Bearing Race Removal  
Harmonic Balancer Pulley Removal  
Fly Wheel Removal  
Removal of Drive Gear on Bottom of Distributor  
Floor Scrubbers/Buffers

## MODEL 204

Steering Linkage Removal  
Pitman Arm Puller  
Battery Terminal Removal  
Steering Arm Removal

Transmission & Rear End Yoke Removal  
Pulley Puller  
Import Pitman Tie Rod Puller

U-Joint Removal  
Pull Housings Off Alternator Shafts  
Press for Universal Joint Removal & Installation

## MODEL 106

Clamps on Failed Bearing Surfaces  
Removes Vibration Dampeners  
Fly Wheel Removal  
Bearings Off Cylinder Shafts on Combines  
Peanut Combines

Eliminates the Need for Bearing Separators & Bearing Splitters  
Timing Gears  
Clamps on Tapered or Rounded Surfaces  
Drive Gears

Fire Hydrants (breakaway couplings inside hydrant)  
Remove Armature Bearings, Pulleys & Couplings in Electric Motor Repair  
Cotton Gins

## MODEL 206

Clamps on Failed Bearing Surfaces  
Clamps on Tapered or Rounded Surfaces  
Steering Arm Removal  
Cone Bearing Removal & Rear End Carrier  
Logging Skidders  
Pillow Bearings

Gears on Paper Co. Machines  
Rear Rotor Assembly on Helicopters  
Removal of Differential Side Carrier Bearings  
Transmissions and Rear End Yoke Removal  
U-Joint Removal  
Lift Truck Bearings

Serves as a Press for Universal Joint Removal & Installation  
Eliminates the Need for Bearing Separators & Bearing Splitters  
Sky Jacks in Construction Companies

### MODEL 108/208

Restaurant Equipment  
 Electric Motor Repair  
 Swathers  
 Balers  
 Farm Machinery (combines)

Pump Sprockets  
 Fly Wheel Removal  
 Mowers  
 Tractors

Transit Buses  
 Fertilizer Equipment  
 Meat Processing Machines  
 Bearings Off Cylinders Shaft on Combines

### MODEL 110

Construction (pumps, gears)  
 Diesel Transmission Gears  
 Pepsi Cola (beverage trucks)  
 Car Wash Machines  
 Motors  
 Turf Equipment  
 Coal Mines  
 Recycling Equipment  
 Dairy Farms (silo unloaders)

Drive Gears  
 Bearings Off Eccentric for Pitman Drive  
 on Head Combines  
 Grain Elevators  
 Farm Machinery  
 Conveyor Sprockets  
 Thread Rolling Machines  
 Pumps - HVAC

Volvo Transmission & Drop Boxes  
 Saw Mill - Wood Machinery  
 Oil Mines  
 Municipal Sewage Pumps  
 Fly Wheel Removal  
 Bearings Off Cylinder Shaft on Combines  
 Peanut Combines  
 Cotton Gins

### MODEL 210

Cornhead Stock Rolls  
 Recycling Equipment  
 Caterpillars  
 Pillow Bearings

Removal of John Deere Snapping Rollers (off  
 cornhead, using long jaws)  
 National Beef Conveyors

Bearings on Short Shafts of Veneer Dryer  
 within Paper Mill (2 needed)  
 Steering Arm Removal

### MODEL 113/213

Stamping Companies (automotive steel)  
 Electric Motor/Centrifugal Pump  
 Wood Machinery  
 Burlington Northern

Case IH Implement Dealers for Tractor  
 & Combines  
 Saw Mills  
 Motor and Fan Bearings

Farm Machinery  
 Plywood Manufacturing  
 Trucks  
 HVAC Cabinet Fans

### MODEL 116/216

Electric Motor Repair  
 Bearings on Motors & Centrifugal Pumps

Farm Equipment  
 Marine Gears on Tugboats, Barges & Yachts

Lifeboat Winches  
 Crusher (cars)

### PMI6 SET

Potato Equipment  
 Motorcycles  
 Conveyors  
 Tractors/Combines  
 Pilot Bearing Removal From Crankshaft  
 Fork Lifts  
 Ag Equipment

Oil Seal from Transmission Housing  
 Bearing Cup Removal from Wheel Hub  
 (with long jaws & 5 lb. hammer)  
 Bushing Removal from Transmission Gears  
 Needle Bearing Removal from  
 Transmission Gears

Motors  
 Electric Motor Bearings  
 Bearing Cup Removal from Brake Rotors  
 & Drums  
 Cone Bearing Removal (external slide  
 hammer puller)

### MODEL TJ-1

Jaws Clamp in Snap Ring Groove to Allow Removal of Front Input Shaft Bearings on 1955-Present 3 Speed, 4 Speed, 5 Speed, 3 Speed  
 Overdrive and 4 Speed Overdrive Manual Transmissions or Rear Wheel Drive Foreign and Domestic Cars, Trucks and Vans.

### HP-2 SET

Condensers  
 Chillers  
 Freezers  
 Dietary Equipment  
 Exhaust & Ventilating Fans

Auto/Truck Heaters, Defrosters & AC Fans  
 Squirrel Cages/Blower Wheels  
 Convection Ovens  
 Ice Cream Machines

Furnace Fans  
 Laundry Equipment  
 Ice Machines  
 Hubs on Spindles on Front Wheel Drives
